

Reach out to your child's teacher about your child's specific results.

This Year We Worked On:

- Documenting and showcasing student work virtually and in person
- Improving our students' achievement by increasing our ability to teach to the diversity of all students
- Building a more positive student environment by determining and reinforcing positive expectations for students

You Can Help By:

- Viewing work on myBlueprint and attending in person showcases of learning
- Communicating with your child's teacher(s) about their learning strengths and challenges
- Familiarizing yourself with our positive expectations for students and talking to your child about them

Next Year You Can Look Forward To:

- A continued emphasis on improving students' achievement with a focus on literacy and numeracy
- Continuing to create a positive school environment using the Positive Behaviour Interventions and Supports framework
